

Uploading files to CAPEX website:

Step-1: <http://capex.cs.uh.edu/> will redirect to the page below where we can login

The screenshot shows the homepage of the CAPEX website. At the top, there is a logo for CAPEX and the tagline "Enriching Security Curricula and enhancing awareness of Security". Below this is a navigation menu with links for Home, About, Security, Resources, and Contact. The main content area features a "Security Modules" section with a group photo and a list of modules: Security Analytics, Security and privacy in Distributed Networks, and Security beyond Computer Science. A "User login" box is highlighted with a blue border, containing fields for Username and Password, and buttons for "Create new account", "Request new password", and "Log in". Other sections include "Enriching Security Curricula and Enhancing Awareness of Security" with a "Read more" link, "Upcoming events" listing a talk by Dr. Verma, "News Feed" mentioning a workshop, and "Are you interested?" with a contact link for the Admin. The footer includes the date "Today's Date: 07/03/2014", a "Grants" section mentioning NSF Grant #1241772, and a copyright notice for Dr. Rakesh M Verma, 2014.

Enriching Security Curricula and Enhancing Awareness of Security

This website is for sharing the latest knowledge on cyber security attacks, countermeasures and for disseminating the course modules we are developing and also exemplary courseware developed by others. There are a number of articles and presentations in the site that provide you with a clear understanding of what security is and how one can tackle various security threats. For more information regarding upcoming workshops, latest articles and to gain understanding of the concepts keep following the site.

Read more

Upcoming events

1. Talk by Dr. Verma at the 49th Annual Conference of ACET conference at Baylor University on "Enriching Security Courses with Data Analytics" (October 11-12, 2013)
2. Module Outlines

News Feed:

The MWSN 2013 workshop on June 24, 2013 was a great success. Here are a few photographs

Step-2: Once logged in, there will be a 'Navigation' section in the left pane. This section will have an option to 'Add content', which is highlighted in the picture below. This is where we can upload the files/lectures

The screenshot shows a website with the following elements:

- Header:** Logo and title "Enriching Security Curricula and enhancing awareness of Security".
- Navigation Bar:** Home, About, Security, Resources, Articles, Contact.
- Main Content Area:** A large banner for "IEEE SECON" with the text "IEEE International Workshop on Security and Privacy of Mobile, Wireless and Sensor Networks. 9:00am - 3:00pm, June 24, 2013. Co-Located with IEEE SECON 2013 in New Orleans, USA. For more details please go through the upcoming events".
- Left Sidebar:** "Hello! vasanthi Logout" with a search box. Below it, "Project Documents" with links for "Minutes of Meeting" and "Reports". A "Navigation" section is highlighted with a blue box, containing links for "Add content", "Home", "Forums", and "Search".
- Right Sidebar:** "Upcoming events" with a list of two items: "Talk by Dr.Verma at the 49th Annual Conference of ACET conference at Baylor University on 'Enriching Security Courses With Data Analytics' (October 11-12, 2013)" and "Module Outlines". Below it, "News Feed:" with a paragraph about the MWSN 2013 workshop and a link to "photographs". At the bottom, "Are you interested?" with a paragraph and a link to "Admin".
- Footer:** "Today's Date: 07/03/2014" and "Grants" section with text about NSF Grant #1241772 and a link to "http://www.nsf.gov".
- Page-Footer:** "Copyright © Dr. Rakesh M Verma, 2014".

Step-3 : Clicking on 'Add Content' will redirect to the page below

Step-4: Files can be uploaded clicking on the 'Articles' section highlighted above, which will redirect to the page below where files can be uploaded.

Once the files are uploaded and saved, they will appear in the 'Articles' section of the menu bar, highlighted as '5'

To view the files uploaded **5**

The screenshot shows a web application interface for creating articles. At the top, a navigation menu includes 'Home', 'About', 'Security', 'Resources', 'Articles', and 'Contact'. The 'Articles' menu item is highlighted with a blue box and labeled '5'. Below the navigation, the page title is 'Home > Add content > Create Articles'. The main content area is titled 'Create Articles' and contains a rich text editor with a toolbar and a large text area labeled 'Text / Descriptions go here' with a blue box and arrow labeled '1'. Below the text area is a 'Title' input field with a blue box and arrow labeled '2' and the text 'Title of the document'. Underneath is an 'Article tags' input field. The 'Article images' section has a 'Browse...' button, 'No file selected.', and an 'Upload' button. Below this is a note: 'Files must be less than 5.00 GB. Allowed file types: .png .gif .jpg .jpeg'. The 'Uploaded data' section has another 'Browse...' button, 'No file selected.', and an 'Upload' button, with a note: 'Files must be less than 10 MB. Allowed file types: .txt .doc .docx .png .jpg .jpeg .pdf .ppt .zip .rar'. At the bottom, there are 'Save' and 'Preview' buttons. The 'Save' button is highlighted with a blue box and arrow labeled '4' and the text 'To save the files uploaded'. A blue box and arrow labeled '3' points to the 'Uploaded data' section with the text 'To upload the files'.
